

## In Census 80, Were You Counted?

If you received a Census Form in the mail and filled it out as of April 1, 1980, and it has not been picked up by a Census taker, you may mail it directly to:

Ross Forbes, Regional Director  
U.S. Dept. of Census  
144 W. Lafayette St.  
Detroit, Michigan 48226

or you may bring it in to the Crawford County Clerk's Office, County Building, Grayling, and we will mail it for you.

It is very important that all of these Census Forms are collected and counted because all the financial benefits that the taxpayers of the county receive from Revenue Sharing programs and State and Federal Grant programs are based on the information contained in these forms. Without that essential information, some funding programs may not be available to us.

A census form appears on page 10 of this week's Avalanche for use by persons who did not receive a form to fill out.

## Sand Trap to Aid River Spawning Areas

Preparations are now underway, with major work scheduled for Monday & Tuesday of next week, for digging of a sediment trap in the AuSable River near the fish hatchery.

According to Bill Buc of the DNR Fisheries Division, dredging next week will deepen the river about three feet along a 150' stretch of the east branch to trap sand currently being carried downstream.

Buc said the trap will slow the water velocity and allow sand to settle out. If allowed to continue downstream, Buc said the sand could settle and act as a deterrent to spawning areas in the river's mainstream.

The work next week could result in some muddying of the waters, Buc said, who assured the condition will be only temporary. Spoils from the project will be removed as soon as the work is complete, he added.

The work is a DNR Fisheries Division project.

## Busy Week for Sheriff Personnel

According to Sheriff Joe White, county-wide breaking and entering complaints are on the increase with a total of sixteen investigated last week. White said 10 were reported during the previous week. Persons observing unusual or suspicious behavior are asked to report the incidents to the sheriff's office where the information will be kept confidential.

Sheriff's deputies investigated 76 complaints during the busy week and the ambulance was called out on twelve occasions, six involving personal injury accidents including two rollovers. Six larceny complaints were lodged, one involving a boat.

Four property damage accidents were reported, one a car/deer mishap, and three malicious destruction of property cases were reported.

Deputies were called out on three family/civil disputes, and a similar number of times to quiet raucous parties. A myriad of other violations were investigated, including incidents of harassment, prowlers, reckless driving, shoplifting, drunk driving, assault, and resisting a police officer.

Three fire investigations were conducted, one missing person report was filed and officers were called out on one occasion when an alarm was activated.

Brooks replaces Patrolman Robert Harper, who recently resigned and moved with his family to Alaska.

Stephan indicated the city is seeking an additional patrolman and is accepting applications for the position at the present time.

# County Ordered To Restore Cooperative Reimbursement Funds

By Joe Schrader

A preliminary injunction was issued last Thursday in a dispute between the Board of Commissioners and Prosecutor Alton T. Davis, who sought the order because the county halted disbursements for the Cooperative Reimbursement Program.

Judge Charles M. Forster, who heard arguments in the case, granted the injunction against the Crawford County Board of Commissioners and ordered the board to disburse funds for the program.

Request for the injunction by Davis was precipitated by a board resolution May 28th suspending any expenditure of funds because the prosecutor refuses to move administration of the program to the county building.

According to a Davis news release, "the court found that the action of the Crawford County Board of Commissioners in withholding Cooperative Reimbursement funds was arbitrary and capricious and constituted an unreasonable exercise of power by the Defendant Commission."

The Cooperative Reimbursement Program is administered by the prosecutor's office and seeks to locate and collect payments from parents who are delinquent in paying child support.

Judge Forster on Thursday also held a pretrial conference in a second quarrel between the parties involving the county's elimination of the salary for the Chief Assistant Prosecutor. Davis said he expects the suit to be placed on the court docket for sometime in August.

## Colleges Assist Civil Defense Agency

**RECEIVES KEYS**—Missaukee County Civil Defense Director George VanWieren, (left) and Deputy Hugh Miller, (center) receiving keys to a modified and repainted military 4 x 4 from Robert Hall, NEMSERP coordinator. Rehabilitation of this former National Guard vehicle as performed at Alpena and Kirtland Community Colleges.

Alpena and Kirtland Community Colleges recently returned to Mr. George VanWieren, Missaukee County Civil Defense Director, a former National Guard cargo truck, which was rehabilitated through the Northeast Michigan Surplus Equipment Repair Program-NEMSERP.

Mr. VanWieren said the joint effort resulted in the county now having a mobile command post to better serve the community in the event of a disaster.

Minor chassis repairs and the fabrication of a new metal cab was performed by the welding students at Kirtland. The 3/4 ton 4 x 4 was then driven to Alpena Community College where the students in the auto body repair program, under the direction of Tom Winter, completed repainted and undercoated the truck. Mechanical repairs, fabrication, painting, and lettering, was accomplished for under \$350.

NEMSERP's goals are to assist local governmental agencies in the acquisition and rehabilitation of surplus equipment and to provide vocational training.

## Skill Improvement Sought

## Next for Reading/Math Plan: Implementation

By Joe Schrader

Things are "on schedule" in the preparation of a Crawford-AuSable School District plan to upgrade basic reading and math skills amongst students in the school system.

That was the latest word about the program from Pete Ingvarsson, State & Federal Programs facilitator for local schools, who said it has been in the development and preparation stage now for about two years.

The need to focus teaching efforts in these areas was revealed by results of achievement tests taken by fourth and

seventh grade students. When compared to national norms, the scores prompted local school officials to take steps to improve the standing of local students in these two basic skill areas.

A large contingent of Regular Army personnel from the 1st Cavalry Division, Fort Hood,

Texas, are on hand to support the training. Some are paired with Guardsmen who possess similar responsibilities while others function as evaluation teams to assess the Guard's readiness for mobilization in

A third participant in NEMSERP is Mid Michigan Community College, located in Harrison, Michigan. M.M.C.C. has just completed the overhaul of a Jeep for the Alcona County Recreation Area. The services included rebuilding the engine and replacing the transmission, plus various other repairs. The total cost to Alcona County was \$577.

Graduation for the Waverly High School graduates was held on June 15 at the Civic Auditorium and it was some very proud relatives that watched Julie lead the procession and recessional. Attending were grandparents, Frank and Alice Bond and Byron and Retta Randolph. Other relatives attending were Kip and Joan Papendick, Charlene Papendick, and Jeffrey Bond, Julie's brother, all of Grayling, and Janet Papendick of Traverse City.

Jennifer and Blair Doty of Traverse City were guests of their grandparents, Tom and Marian Welsh, at Lake Margrethe. During their stay the Welshes and children went for a week's visit to the Upper Peninsula to visit Mrs. Alex Schultz at Mohawk.

The public also was invited to observe the exercise and several Grayling area residents availed themselves of the opportunity.

The Grayling community also was invited to join with the Guardsmen for the 38th Division's annual review, conducted late Friday on the parade field near Lake Margrethe. About 6,000 Guardsmen were involved in the ceremony. Brigadier General Jay M. Lotz, assistant division commander, functioned as commander of troops for the event.

Also in attendance was Major General Alfred F. Ahner, Indiana's adjutant general, who presented the Legion of Merit to Major General Robert D. Weliver, the 38th's commanding general since 1976. The medal, one of the nation's highest, is seldom awarded to Guardsman. Major General Weliver has been associated with the Indiana Guard almost continuously since 1939.

together the elements of the program. Bill Page, nationally known speaker on motivational techniques, spoke to teachers at an in-service training session January 22nd. Associated with the Nashville (Tenn.) Learning Center, Page stressed the use of teaching methods he considered effective in his teaching career, albeit unorthodox.

His presentation laid the groundwork for a 3-day workshop conducted by Dr. Al Menlow, U-M communications expert, who met with key-linkers to accent the importance of their roles in development and coordinating the program. The workshop ran January 30th through February 1st.

Ingvarsson said achievement test results had already led to the identification of problems in reading and math areas, along with preparation of a list of objectives needed to upgrade skill levels. From there, he said, assembling a formal plan required three stages of endeavor.

All these involved the key-linkers and teaching personnel throughout the system.

Test results showed reading ability was a predominant problem at the elementary school level. Math scores pegged the Middle School as a target for improvement in that area.

Step 1 required the attention of each K-12 teacher who teaches reading and math. Instructors poured over the objective list tagged "high-risk" and confirmed its validity. Teaching methods were studied and compared. A more refined set of objectives emerged.

Step 2 called for the discussion of current individual teaching techniques, with instructors comparing notes to see if already-identified problem areas were being addressed. Alternatives were reviewed and further needs formulated. Key-linkers coordinated the effort.

The final stage of development was preparation of a final report, a collective effort to attack the problems, including alternative methods and substitute approaches to solving the questionable areas. It became a customized plan that culminated from input offered by all the teachers involved.

Ingvarsson notes that about 50 teachers played a part in developing the program. The plan to improve reading levels is set for implementation in the fall. And only final touches are required to have the math-improvement program ready for use when school starts in September.

To be sure the plan of attack was sound, Ingvarsson called in a consultant to review its contents. Satisfied that the contents of the plan addressed the problems revealed by the test results, he gave the final product his stamp of approval.

Ingvarsson said a teaching workshop is planned for early September to prepare a system for evaluating the results of the effort. It will contain periodic methods of assessing levels of improvement and implementing changes if necessary.

Ingvarsson, who coordinated the effort from the start, said it will provide a framework to employ in other problem areas should they develop in the future. He added it represents completion of one of the overall objectives established by Dr. William Diedrich after assuming the Superintendent's post.

## From Our Corner ...

We were talking to a couple over the weekend that had experienced similar problems with bicycle riders...seems as how the gas crunch is getting even worse-bike riders are becoming more prevalent...we were asked to find out what kind of laws, if any, they have to observe...

One of the incidents occurred on M-72 around dark and the driver came up behind two bike riders that only had reflectors on their bikes...with a car coming from the opposite direction he just barely missed hitting them as they were going with the flow of traffic...the other occurred at the intersection on Michigan Ave., when two riders came up on the opposite side of the car which was going to turn right and the riders went straight across and were narrowly missed...

With the two above incidents we can add one of our own...when we were coming back to work this afternoon we were driving by the middle school when three bike riders went in between a pickup truck going in the opposite direction and myself to see who could be first...

We don't know, possibly there are no laws they have to adhere to...all we can say as the summer wears on, more and more bikers will be around and we suggest they start using the rules of the car driver or at least a little bit of common sense.

Now that the Radio-Auction for the benefit of Grayling Mercy Hospital is a thing of the past for another year with a tidy sum of \$5,706.00 taken in, we are happy to report here that we found out Sunday morning that one of our autographed orange pop cans went for \$26.00...

Once a year radio personality, Sgt. Irv McIsaac, Railroadman Retired and his dog Zang, also retired, was at the mike around 7 o'clock when the treasured orange pop can was put up for bidding...Irv stated that for a while the bidding was fierce and that it finally took a conglomerate to bid high enough to get the can away from the archives of a bidder from the Michigan National Guard who is stationed here...

It is not to bad to be humble some days, seeing as how with our signed cans, we join with the likes of Red Grange and Tony Dorsett signing footballs and Ty Cobb and Al Kaline with their autographed baseballs...but then we always were modest...

Talking with Irv we also found out who the admirers of the autographed orange pop can really were...all we can ask is how something so valuable went for so little, but, then we remember last year and really cannot expect to much from the bidders...we should mention here though...it was reported by an unreliable source that Irv pulled a fast one on the Greek for a change...

Right about now I wish we had some help on this week's corner like we have had the past two...this may sound a little funny, but this turkey just got rejuvenated...we are back following a two hour reception at the country club for the brass from the 38th Infantry Division and other allied components courtesy of First Savings of Saginaw, Gaylord State Bank, Grayling State Bank and Northern National Bank...

The major thing that happened was to hear Lt. General Lavern Weber, Chief of the National Guard Bureau in Washington tell in a short speech that Camp Grayling is on the drawing boards for future expansion as soon as funds become available.

Also during the evening we learned from a Road Commissioner that John Keir has been rehired as engineer-manager for Crawford County...all sorts of happy tidings we learned...that is until we had the misfortune to end the evening in the company of Ralph Stevens of Carlisle Paddles—from the static we heard from him I wish I would have stayed home...too bad he didn't know anything about basketball back in the 30's but he did come from Alpena...

This turkey is ended for tonight...with our happy thought that T.J., Stef, and mom will arrive Tuesday for a few days...these kind of things help me forget ones like Ralph...have a happy weekend, we hope summer is here to stay...

Billy Joseph, Billy Kraus, Edward Martin and Robert Herbison left Monday to enjoy two weeks at Camp Daggett, Walloon Lake, near Petoskey.

Patsy Hope Heric made a pleasing little hostess to 15 of her friends yesterday when she celebrated her sixth birthday cake, all in pink, made a pretty lunch table. John Montour, Jean Marris, Guinivere Trudeau and Sally McClain were winners of contest prizes.

Mr. and Mrs. Howard Bunker and family, who have been residing in Wolvener for about three years, have moved back to Grayling and are occupying their home on Elm Street.

### 69 Years Ago June 29, 1911

Will McCullough felt as though as little rest from overwork in Detroit would be good for him and is home for a few weeks to regain strength and weight.

Born, Monday, June 26th, to Mr. and Mrs. Esbern Hanson, a 9 pound boy.

Comrade Dell Smith met several of his old army comrades at the encampment last week. None but the men who were the blue can tell just what that means.

Wingard the "picture man" caught a pike in the river here the first of the week which was almost three feet in length, and weighed nine pounds and a quarter. A full meal for a small family.

Hubbard Head and his brother-in-law, W. Davis of New York, were in town Monday.

Among the visitors in town this week we were glad to meet Miss Lizzie Cobb of Maple Forest, a former teacher in our school, but now a very successful farmer of that township, being the sole manager, and making many of the men farmers in that neighborhood ashamed for their lack of management.

Mr. and Mrs. Haslet are the happy parents of a big baby boy. All doing well.

Our band certainly deserves much praise for the able manner in which they play. Having a new bandstand, they entertain the public. It is appreciated.

Grandpa Brady returned from Wards on the D. & C. road.

Our cement sidewalks are being laid. Our M.P. church will have a new step.

Mrs. Frank Brown has a young son.

Mrs. Paddy Burke, mother and children are visiting in the southern part of the state.

## The Bible Speaks

From Calvary Baptist Church

### OUR OBLIGATION TO CUBAN REFUGEES

Perhaps we wouldn't have written on this subject except for the Cuban rioting at Fort Chaffee, Arkansas. Can you imagine people rioting against the people who were helping them after only one month in the U.S.? Some Humanists or Socialist sympathizers, (They are kissing cousins.), may feel we still need to be more concerned and show more compassion on these poor people. Others may feel we know little about the conditions at Fort Chaffee.

Nearly 30 years ago, I was among a group of Draftees from Indiana and Michigan who spent 16 weeks at Fort Chaffee. During the first 8 weeks of that training I helped load many unconscious friends upon stretchers for a quick trip to the camp hospital. In one day alone with the temperature near 115 degrees, we had over one-half of the company passed out from

heat exhaustion. During that same day one young man from Indiana died from heat exhaustion as a result of forced double-time during a company march. One young man stood up during the infiltration course and allowed his body to be hit with machine-gun fire to get out of basic. Another young boy hung himself in another company next to us.

During such vigorous training, I recall but one incident of open rebellion. One emotionally unstable recruit attempted to choke our drill instructor to death. Instead of support, the rest of the men in the barracks helped pull the recruit off the instructor. All of us hated that drill instructor, but we knew he was turning us into American soldiers. Not once do I ever remember hearing anyone talk against his country. We never dreamed of rioting.

"But if any provide not for his own, and specially for those of his own house, he hath denied the faith, and is worse than an infidel." I Timothy 5:8. Every Christian man is responsible before God to provide for his own, especially those of his own family. This provision includes not only food, clothing and shelter, but also protection. To protect our families it becomes necessary for us to band together in support of our government.

Perhaps if our government wants to be known as a "Christian Nation", they should listen to I Timothy 5:8. How can we hope to help a million Cubans with 18% unemployment in Grayling, blacks rioting in Miami and our general economic condition as a nation going backwards? Physician, heal thyself, America! Instead of jailing the Cuban agitators from Camp Chaffee, they should have loaded them into a cargo plane with a parachute on their backs, and dropped them on Castro's front yard. Perhaps we could help Castro even more by loading up a second flight with Communist sympathizers from this country. "Love it or Leave it" should be more than a motto, it should be an American way of life. (adv.)

### SEA Looking For Host Families

An appeal is being made today by the Michigan State Headquarters of the Student Exchange Association in Mt. Pleasant for families in the Grayling area to host Brazilian students who wish to be placed within American homes. The SEA students who remain without a host family at the time of this article are boys and girls in the age group of 15 to 19 years. The student group is scheduled to leave Brazil in August and without the commitment of an American family to take them into their home, the student will not be able to depart for the states.

According to Richard Kennedy, State Director of the program, a good stable and well adjusted family is needed to house the students for a period of six (6) months.

Excellent opportunities are offered to the family who opens up their home to host by receiving a new cultural experience and the developing of a lifelong friendship with the student and his Brazilian family. SEA students come with excellent qualifications.

For more information, interested families should contact the area representative for SEA:

Mr. Mike Hankin, 4759 Old U.S. 27 North, Gaylord, Michigan 49735, Phone: (517) 732-5230.

If your menus include some desserts that use ice cream or sherbet as one of the ingredients, remember that both melt at different rates.

Sherbets melt faster than ice cream and some ice creams melt faster than others, say specialists with the North Carolina Agricultural Extension Service.

Sherbets melt faster because they have a higher sugar content. Those ice creams with a higher butterfat content melt more quickly than ice creams with a lower butterfat content.

When working with ice cream, work with it in a "cold environment." Make sure that bowls and mixer beaters are chilled thoroughly before using.

## Editor's Mailbox

June 25, 1980  
 An open letter to Grayling area residents and visitors...  
 Next week will be an exciting, happy week for Grayling area residents and visitors—adults and children alike.  
 For many years we have celebrated Independence Day with parades, games, good food, fun and, of course, with an evening display of fireworks.

This year is no exception. Plans are being made for having the 1980 celebration the best day possible for everyone. The big day this year will be Saturday, July 5th. Everyone is invited to watch, participate and enjoy the many events beginning with a parade at 11:00 a.m. and culminating with a spectacular fireworks display at approximately 10:00 p.m.  
 The highlight of every celebration in recent years has been the beautiful and spectacular fireworks display. Increasingly large crowds gather to watch the hour long display unfold under the expertise of the Grayling Volunteer Fire Department. Some have compared the display as surpassing the nightly fireworks display at Disneyworld, Florida.

Fireworks, like everything purchased these days, is a costly item. The Grayling Booster Club has, for the past several years, subsidized the costs of this event, relying on the generosity of merchants and individual contributions. To date, we have recouped the costs every year except in 1979.  
 The costs of the 1980 display (which was ordered in early April) are in excess of \$5,000.00. The display again includes both ground and aerial fireworks that have awed spectators and made this event one of Northern Michigan's most popular annual events.

The Grayling Booster Club solicits your assistance in helping keep this crowd pleasing event available for all to see and enjoy. Therefore, prior to July 5th, we hope to visit all Grayling area merchants for donations to help offset the cost of the fireworks. Our representatives will display specific credentials. Please be as generous as you can. We will also have a representative present at our concession stand in City Park on July 5th to receive donations from individuals. Personal donations may be sent to:  
 Grayling Booster Club  
 Fireworks Fund  
 P.O. Box 279  
 Grayling, MI 49738

We will look forward to seeing you and your family and friends during the July 5th celebration. You can help make this day a rousing success. Adults, as well as children, should get a "big bang" from this special day.

Sincerely,  
 Bill Duke  
 President  
 Grayling Youth Booster Club

 The local Lions Club is in need of the address of the Procrastinators Club in order to nominate one of the local Lions for membership. Russ Shepard has been fined every week for not taking his Christmas tree down and he's finally made it in time for the Fourth of July. Removing one lower limb at a time, it resembled a palm tree before he finished!

Mr. and Mrs. Dale Nielson visited friends in Grand Rapids weekend before last.

Mrs. Ona Baker of Albion spent a week with her daughter and family, Pete and Marti Ingvarsson and baby.

Rusty Shepard was honored at a graduation Open House at the home of his parents, Mr. and Mrs. Russ Shepard, on Saturday, June 7. Grandparents who attended were Mr. and Mrs. Gerald Shepard of Bath and Mr. and Mrs. Harvey Sweetser of St. Helens. Other guests were from Bloomfield Hills, Alshley, Perrinton, and Houghton Lake.

Rusty Shepard has moved to Nashville, Tenn., and will be employed there.

Les and Dena Hunter have returned from a three-week trip to Cambridge, Mass., to visit their daughter, Mary Hunter, who is working at the Harvard Theatre. They also visited Les' sister, Effie, in Taunton and a couple of his nieces. They visited Niagara Falls and on their return to Michigan stayed overnight with Scotty and Ione Wylie in Crystal.

## Art Fair at

### Traverse City

Traverse City—On Saturday, June 28, the fifty artists invited to participate in the annual Logan's Landing Art Fair will gather there along the banks of the Boardman River to display their works. The fair, sponsored by the Logan's Landing Association, will be open from 10 a.m. until 9 p.m. and is open to the public, free of charge.

On display will be stoneware pottery, paintings, stained glass, sculpture, wood carvings, jewelry, weaving, photography, and dulcimer making. Many of the artists and craftsmen will also reveal the intricacies of their particular craft on-the-spot demonstrations. Witness the artist at work!

Logan's Landing itself is a beautiful complex of shops which have been designed to maintain a distinct harmony with nature. There are flocks of geese, swan and ducks which nest on the banks of the Boardman River and often are seen window-shopping among the shoppers. The Landing also features a fine restaurant which will be open all day.

The Logan's Landing Association is hoping for a fine sunny day the 28th, for this annual event, but in case of rain the fair will go under cover along the covered walkways and bridge, and in the shops of Logan's Landing.

**HOSPITAL RADIO-THON**—Saturday's Mercy Hospital Auction netted \$5,706, revenue to go toward the Auxiliary's \$50,000 building and development pledge.

In the above photo, auctioneer Howard Taylor (left) looks over an item description while Bud Joyce beams one over the airways. Carol Shrimpton (right) was on hand to help out the pair.

Below, volunteers man the bank of phones as the bids pour in. The auction, which included over 340 donated items, was aired over local radio stations WGRY and WQON all day Saturday.

According to hospital officials, some 60 volunteers helped out throughout the auction. About 20 items are still available for purchase and a listing is available at the hospital Public Relations office located in the basement of the brown office building between the elementary school and hospital. After Wednesday, purchasers may pay for their items and receive receipts at the same office. (Joe Schrader photos)

## Homemaker Service

Homemaker Services Eligibility:

Homemaker Services are available to Crawford County residents 60 years of age or older, who are handicapped. For purposes of this program, handicapped is defined as the inability to perform daily household tasks. There are no income requirements for this service, however we do accept donations if you can afford to pay. The Homemaker programs, as well as the other programs, funding has been cut 33%, which is really hurting the program, but we are going to continue providing services as long as we have the funds. With your cooperation we can still operate as efficiently as we have in the past.

The purpose of our program is to find people 60 years of age or older that are unable to perform routine daily tasks, such as light housekeeping chores, grocery shopping, limited transportation to the doctor and having their prescriptions filled. If you can take Dial-A-Ride, you should since it is less expensive.

Goals of Homemaker Services are to provide an alternative to institutional care (nursing home or foster care); to allow for shorter hospital stays or to remain at home in the event of illness or accident; to reduce isolation; to encourage family care whenever possible; and to provide a link with other community services to better enable the client to maintain independence. But the time has come, due to the drastic state and federal cuts and the great need of services, that unless we have your donations the program will not be able to continue to serve everyone.

We now have a most generous gentleman volunteering his services for minor repairs.

Again, if you, or if you know of someone who needs our Homemaker Services, please call the Senior Citizen Center (348-9314) for more information. We also have government suggested "fee scale" now for you to gauge your contributions.

## Forestry Expo at Mio

Mio—A national chain saw competition and log birling are among the attractions at the Great Lakes Forestry Expo to be held at Mio on July 17, 18 and 19.

Evening musical entertainment will include The Back Room Gang of Traverse City, plus country and dixieland music on Friday night, July 18. The Meadow Brook Estate octet, a choral group, is featured on Friday evening. All events take place at the Oscoda County Park on the AuSable River in Mio.

Chopping and sawing contests, an operating steam engine and sawmill, educational exhibits, children's games and other crowd-pleasing entertainment are planned.

All attractions are free, and there is no entrance fee. Mio is located north of Standish on M-33 in the heart of the Huron National Forest.

That sign in your front yard is an open invitation for anyone who sees it to knock on your door anytime during the day or night. Are you ready to open your door to anyone who knocks?

Even if you have talked to them and made an appointment, in actuality, they are still a stranger. Do you really know if they are qualified buyers or are they just "lookers" or possible "trouble makers?"

Why not let our trained staff relieve you of these anxieties. We not only care about our own protection, but are extra careful of yours. We can screen the prospective buyers for you. Qualify them to determine if they are able to buy within your price range. We can advise on the type of mortgage best suited to their needs so they will not overextend their finances.

Then, and only then, will we call and ask when it would be convenient to show your home. We will be bringing prospective buyers to your door, not strangers.

17 June 1980  
Major-General Alfred F. Ahner  
Adjutant-General,  
Indiana National Guard  
Camp Grayling,  
Grayling, Mich. 49738

Dear Sir:

At approximately 0945 this morning at the Post Office, I noticed a very elderly and frail gentleman at the Post Office enquiring about his mail. Some minutes later he was slowly walking along a street and appeared some confused by his surroundings.

At 1000 one of your Military Police jeeps stopped and, after some conversation, the men of the patrol helped the old gentleman into the jeep and headed down the street. As I was heading out M-72 East, I noticed the men driving slowly through the Senior Citizens area obviously looking for the man's home.

This act of courtesy and service typifies the mission of the National Guard and I only regret that I was unable to notice the vehicle identification to be more specific in my commendation of the men involved.

Sincerely,  
Robert C. Franklin

LANDS LUNKER—How'd you like to latch onto this monster while fishing out of a boat with a Zebeo 600 reel with 6 lb. test line? Alex Gibson (holding fish) of Pontiac, did just that and landed this 24 lb., 4 oz. muskie while fishing with his son, Joseph and companion Jay Smalik (left) last Wednesday in Torch River near Traverse City.

He brought it to the DNR fish biologist offices in Grayling where it was identified as a pure muskellunge, not a hybrid.

"It scared me when I first saw it", Gibson said about the lunker that measured 46" and took 30 minutes to land. He caught it on a rubber worm fashioned by Smalik and will enter the catch in the Master Angler Contest sponsored by the DNR. (Joe Schrader photo)

Alpenstrasse, Gaylord's "main street", will be gaily garbed with festive decorations, booths of local wares and food.

I remember Gordie, too . . .

RICHARD MILLIMAN

Gordie Howe has retired—finally—from the hockey wars, after establishing every hockey record worth holding, according to most sports analysts.

The amazing Mr. Howe spent 32 years as a hockey stalwart, finally packing it in at age 52.

As is their passion, sports writers, sports fans, sports personalities are all writing and speaking their versions of "I remember Gordie Howe," on the night he set some scoring record, or some endurance record, or appeared in some all-star game or some such occasion.

Well, I remember Gordie Howe, too, but not for some athletic event. I think I saw Gordie Howe play hockey once, but I don't even remember him, or anything about the game. It was back in the early 1950's, when I attended my first and only Red Wing hockey game, and Gordie Howe must have been playing because he was with the Wings then. But I don't remember anything about the game, or who was in it, even the legendary Mr. Howe.

But I did meet Gordie Howe years later, in the early 1970's. He had retired the first time and held some sort of public relations job with the Detroit hockey club. It was at a state banquet of the Future Farmers of America on the Michigan State University campus, and Gordie Howe was the featured speaker.

He gave a speech—a talk really, and not a speech. He told the young FFA members about his own farm; at the time, he had an interest in a beef ranch in the Jackson-Washtenaw area, and Gordie told them how it was, down on his version

of the farm. That, of course, helped establish a bond with these young farmers.

But mostly, Gordie Howe talked about such things as values, and character, and ideals, and principles, and plans for living, and life. Nothing outstanding from a banquet speaker at a youth banquet, really; you sort of expect that sort of talk, even from a speaker who is more of a hockey player than speaker.

Except for this: Gordie Howe related to those young people in a way few people could. They believed in him. Gordie Howe cared about them, and about how they would turn out as adults—that was obvious.

He had those young people in the palm of his hand that evening, and in such a casual, offhand, informal, lowkeyed manner that they really didn't know they were being inspired, but they were...and so was I.

I said hello to Gordie Howe after the banquet, and congratulated him on his talk. Again, nothing memorable occurred between us. But I remember Gordie Howe, too...not as an athlete, not as a hockey player, nor as a record holder, but someone who, through his own personal example and through his words, delivered a very worth-while message to young people, and got it across to them in an impressive way.

Even at that time, a few years back, I was already a tough, cynical, hardbitten newspaperman, who had been around the course a time or two, and I was difficult to impress. I still am.

But Gordie Howe impressed me then, and he still does, and that's how I remember Gordie Howe.

## News Article Features

### Viv Nichols, 'Foodaholic'

Viv Nichols, former Grayling resident and WGRY Talk Show host, was featured in a May 7th Romeo Observer newspaper article which was entitled, "Vivian, The Store of a Foodaholic," written by News Editor Marianne Jordan.

The story was written about her courageous fight to lose weight after she had eaten herself up to a hefty 385 pounds, and was unable to buy clothes big enough to wear. In one of the newspaper quotes, Viv was quoted as saying, "I'd eat anything that wasn't moving."

In the candid story, Viv tells how her struggle resulted in a weight loss of 190 pounds, and how a doctor's warning sent her to the hospital for a bypass operation to achieve her goal.

The surgery three years ago was performed in Pontiac while Viv was still a Grayling resident. Several months ago she moved to Utica with her son, Michael.

But for her Grayling friends, the story continues beyond the success of the weight loss. Viv tells in the article about problems that occurred with the tremendous drop in weight. She says her body shrank but her skin did not.

"My arms had been the size of hams and now there was all this loose skin. I had a hanging apron of skin around my middle...it was just huge. After the fat disappeared it was like being left with 40 pounds of warm jello hanging off my body."

The story goes on as follows. It was then she remembered an interview she had done on the Grayling Radio station with an expert from the Burn Center of the Ann Arbor Hospital.

The expert had explained how there was a great need for skin donations for burn patients and she had jokingly offered to donate some of hers. "Why I've got enough to reupholster most of Detroit," she had quipped.

Viv pursued the possibility of donating excess skin and her offers were taken seriously by the Chelsea Hospital in Ann Arbor. Not long Viv underwent surgery for the skin removal and just prior to the May 7th Observer article, had 70 staples removed which were required during the operation.

"It was strange at first, going to bed and not having to adjust this layer of fat and skin that used to wrap itself around me like a tangled up nightgown," she told the Observer reporter.

The skin will be used for burn victims requiring transplants. Viv lost 100 pounds the first

year, 60 the second and 30 this year, and wants to lose another 30 more.

The article concludes with Viv pondering the future and quotes her as saying, "There are so many, many things that I want to do, things that I could never do when I was so overweight!"

She says her first will be to just get to know her new community of Washington and help her dad, now 75 and living in Utica, and "maybe donate some more of this excess skin to someone who needs it."

### Strolling Around Town

Bouquets this week to the A & W who have mowed all their weeds along the railroad track. It looks great! For those of you interested in nostalgia take a peek at the Ice House. I encouraged at least one native who remembers going there to get chips of ice left over on the loading platform when the ice was put into the railroad dining cars. The wood beams or floor joists are massive and must have held plenty of ice!

Real Estate One on Michigan Ave. has a new sign atop an old light post salvaged from former days. The new planter boxes downtown are adorned with signs and some of them are starting to fill up with trees and flowers.

The old Bielski house on State Street is almost cleaned up and down the new stretch of Madsen St., we noticed several renovated houses which improve the neighborhood greatly. At the Bob Davis home there was a beautiful yellow rose bush.

**TIMBERVIEW CROQUET TOURNAMENT**—Over 400 adult foster care residents, some from as far away as 250 miles, took part in the 3rd Annual Timberview Village Client Appreciation Day and Croquet Tournament held last Thursday at Frederic.

Shown above is a group of players in action during the event held at the Frederic Community Park. Below is tournament winner Genny Colf (left) of Ypsilanti and Ray Maurer of Owosso, who finished second.

Over 80 foster care homes throughout the state were represented at the fete, which concluded with an awards banquet Thursday evening at St. Mary's Catholic Church Family Center in Grayling. Patricia Thomas, Crawford County DSS Director, was keynote speaker at the banquet. Awards were presented by Robert L. Stein, Residential Care Association Director of Field Operations. Musical entertainment was provided by Cal Walls.

Barbara Selesky of Timberview Village arranged the tournament and acted as Director of Ceremonies at the banquet. (Joe Schrader photos)

### Help Needed For Big Brothers/Big Sisters

Big Brothers/Big Sisters of Crawford County provides adults with the opportunity to show kids that they really do care. Everyone needs a friend. Giving one's time to a young person who needs attention is more meaningful than gifts or money.

Being a Big Brother/Big Sister need not require a large financial commitment. The most important thing is to commit yourself. Just spend a few hours each week, with a youngster, doing something you both enjoy.

As an adult friend, your character will give guidance. Some of the qualities of Big Brothers/Big Sisters include being 18 years or older; emotionally stable; good moral character; be warm, caring, patient and understanding; have private transportation; and be willing to participate in the program for at least one year.

Being a Big Brother/Big Sister will challenge you, educate you, possibly frustrate you, but it will certainly gratify you. There are approximately 225 one parent children between the ages of 6 to 16 years in Crawford County. We have the kids, now we need you. Please give the most precious gift—yourself.

For further details, please contact Bob Harrington at 308 Cedar Street, in Grayling, or call 348-7721 or 348-7702.

**Dorothy Lamour To Appear**  
**at Cherry County Playhouse**

The Cherry County Playhouse has completed the line-up for its 1980 season with the signing of Dorothy Lamour to star in the Neil Simon favorite Barefoot In The Park. Miss Lamour will appear at the Playhouse for one week, July 22 through 27.

Miss Lamour, star of stage and screen, appeared in over 40

motion pictures. Her appearance in The Hurricane led to her continual casting in "sarong" roles. She is best known for the series of "Road To" movies in which she co-starred with Bob Hope and Bing Crosby.

At the Cherry County Playhouse Dorothy Lamour creates the role of a worried mother whose only daughter has just married a young lawyer. The laughter mounts when the couple move into their first apartment which is bare of furniture, has no room for a bed, and snows (weather permitting).

Featured with Miss Lamour is playhouse regular Bob Moak.

Miss Lamour's appearance rounds out a star filled season at the Cherry County Playhouse. Opening the season, July 1 through 13 is Vicki Lawrence in Neil Simon's Chapter Two. From July 15 through the 20th is Richard Thomas in the currently running Broadway play Who's Life Is It Anyway? Next William Shatner stars in the comic thriller-chiller Deathtrap from July 29th through August 3rd. Then Playhouse producer Pat Paulsen returns for two weeks, August 5 through 17, in Murder at Howard Johnson's. And closing the 1980 season, August 19 through 31, will be Van Johnson in Tribute.

Performances at the Cherry County Playhouse are Tuesday through Friday at 8:30 p.m., Saturday at 6:00 and 9:45 p.m., Sunday at 7:30 p.m., and a Thursday matinee at 2:00 p.m.

Ticket information is available at the Playhouse box office (616) 947-9560.

**Youth Services**  
**Activities**

The Crawford County Youth Services Bureau has begun their Recreation Activities for this summer for all Children between 6-18 year old. They started a Youth Garden on June 16, 1980. They started planting corn, squash, beets, spinach. There were around nine kids that attended. Later on that day, there were 19 kids ages 6-10 years who went bowling. We really enjoyed ourselves. We would like to thank Ralph Helsel, manager of American Legion Lanes for his kindness and co-operation. After bowling, Bob West from the Boardwalk in Grayling gave the kids a free coupon to get a free ice-cream cone. We would also like to thank him for his donation.

On June 17, 1980, 20 kids between the ages of 11-18 went rollerskating for the day. Many didn't know how to skate, but before the day was over, they got the hang of it. We would like to thank Jack from the Family Recreation Roller Skating in Prudenville for his assistance.

On June 18, 1980, the kids continued to work on the Youth Garden. I don't feel that they really like working on the garden but I feel they will enjoy it when they start taking some vegetable and fruits home. We would like to thank J & R Florist for helping us with the garden.

Among the activities planned for the next 3 weeks are: C.P.R. Workshop for all ages, Camp Grayling Tour, Youth Garden, and Activities at Hanson Hills Recreation Area. Permission sheets are available at the Youth Services located at 308 Cedar Street in Grayling. Hope to see new faces participating.

### Brauker Announces Candidacy For 103rd District Representative

Bill Brauker, 31 of Harrison, has announced his candidacy for the 103rd district seat in the Michigan House of Representatives.

Brauker, who recently resigned as Press Secretary to U.S. Congressman Don Albosta, said he will wage an all-out campaign to win the seat.

"It's obvious that Michigan is in terrible shape at this time," Brauker said. "We have the worst unemployment in the history of our state. The great depression wasn't 50 years ago, it's today. The next few years will be extremely critical and we can't afford to go on the way we have. I believe the people want strong leadership in Lansing to deal with the problem, someone who will stand up and fight for them."

Brauker, the former owner and editor of The Harrison Star, a weekly newspaper in Harrison, said his years in the newspaper business, and with Congressman Albosta, have given him an insight into the feelings of the people of the 103rd district.

Brauker added that he learned a lot by working for Congressman Albosta. "Don has set up a fantastic office system in his district, and he really keeps in touch with the people and listens to them. I will continue in that tradition and give the people the good service they should expect from their representatives."

"The key to this election is who can best serve the people of this area," Brauker said. "I believe it is time to put some new people in leadership positions in state government. With my experience in helping constituents with their

Dear Chet, Drivers, Switchboard, & Everyone at C.C.P.T.,

We just wanted you to know how satisfied and happy we were this past school year with your services.

From September 1979 to June 1980, your buses picked up our 5 year old daughter, Gretchen, from the baby sitter's residence and took her to Co-op. Nursery. This was an automatic pick-up three (3) days a week (M,W,F).

It was a relief to know that she was in reliable hands and we didn't have to worry. Also the rates were reasonable so we could afford you.

Your service was super and we wanted to THANK-YOU for a job well done.

Thanks from,  
Janet and George Dice  
& Little Gretchen

## Attend the Church of Your Choice

It came roaring out of the northeast like a freight train. In a matter of minutes, it had changed the lives of hundreds of people and left a path of death and destruction that few would ever forget.

Why do twisters come? And why are some lives taken and property destroyed, while the lives and homes of others are spared without a scratch?

The laws of nature are mysterious. We can only marvel at the power revealed through violent storms and try to be as best prepared for them as possible. We have the promise of our Lord to be with us: "Lo, I am with you always, even unto the end of the world."

One day we will know the answers to many questions that have long troubled us. Until then we can only "trust in the Lord with all our hearts and lean not unto our own understanding."

Renew your own faith this week. Worship in the church or synagogue of your choice.
